APRIL 2024

A MESSAGE FROM YOUR PRESIDENT... With the warmer weather in sight, many residents will begin planting. Before going ahead with any plantings, Certificate Holders should keep in mind that in a Co-op community such as ours, the common grounds, included ALL the wooded and grassy areas among our residences, are community property, and not the property of the Certificate Holder. On that note, it is important to keep in mind the State and Township laws regarding the wooded areas in our community. Manchester Township has rules in place that state “No person shall pick flowers, foliage, berries or fruit or cut, break, dig up, or in any way mutilate or injure any tree, shrub, fern, grass, turf, railing, seat, fence, structure...” nor is the Co-op permitted to remove any live trees. Furthermore, according to our Rules and Regulations, if a resident is found to be in violation of this Rule they will have 15 days, at their expense, to remove all plantings and return the area back to its natural state. After 15 days they will be fined DAILY. After 30 days, the area will be returned to its natural state by a Board appointed company, or our staff and the resident will be required to pay any cost involved in this process. If you are in doubt about whether or not your planting conforms with the Rules & Regulations of our Village, all residents are urged to submit a Modification Form (Planting Proposal). All bushes and flowers are the responsibility of the resident and are of no cost or responsibility to the Co-op. Trimming of bushes by the Co-op is chargeable.

Important note: Residents are not to remove any bushes, plants or trees or brush from the wooded areas of the community in order to clear the ground for plantings. Residents who ignore this Rule are subject to fine and the cost of replacement.

**The Township of Manchester
Energy Aggregation Procurement
Cooperative (MEAPC)**

MEAPC Program Update
March 2024

Manchester Township, as the lead agency of the Manchester Energy Aggregation Procurement Cooperative (MEAPC) recently completed a two-year contract with Energy Harbor for electric supply. The two-year contract commenced in December 2021, and ended in December 2023. Unfortunately, prices were not sufficiently favorable to award a new contract this fall, and residents were returned to utility service at their December 2023 meter read. The JCP&L Basic Generation Service energy supply rates remain the best option for Township residents for the near term.

The Township of Manchester and their energy agent, Gabel Associates, have been closely monitoring the energy market for savings opportunities and are planning to bid for a new energy supply contract this spring. An award will be made only if bids received are lower than JCP&L's energy supply prices. The Township will notify residents if a new contract is signed, and the program is again active. Please monitor the Township's website for any updates.

The Township of Manchester is aware that suppliers may be reaching out directly to individual residents to offer supply contracts. The Township recommends that residents instead wait for a new MEAPC supply contract as a new contract, if awarded, will be compared to JCPL energy supply prices to make sure that residents will save some money vs. utility rates.

PAINTING SCHEDULE 2024. Please note you have the choice to have your unit painted by the Co-Op at no cost to you, or you can choose to have your home sided with vinyl. If you choose vinyl siding, you are responsible for the difference between the cost of painting and the vinyl siding. If you are a multi-family unit, all unit owners of the building must agree to vinyl siding or the building will be painted only. Additionally, if you are on the painting schedule and choose vinyl siding, you MUST submit a Modification Form as soon as possible, which must be approved by the Board of Trustees. Letters will be provided to all residents on this list prior to the start of the painting project.

FIRST CALL FOR BOCCE BALL

Crestwood Village Four is pleased to announce our Bocce Players' Association launch meeting. This will take place on **Thursday April 11th in the main hall from 5:00 – 5:30 PM**. Families sometimes distinguish between the “fun” parent vs. the “disciplinarian” parent. Since 2021 our Bocce group has earned its well-deserved reputation as “THE FUN” Bocce group.

Don't be shy. Bocce-ballers of all skill levels are welcome to play, and novices are especially welcome - you might as well learn from the best. Plus, you get to hobnob with the nicest folks in the County. And if you have problems with “commitment,” not to worry. Some of our members form set teams, while others “drop in, drop out,” and play with whichever team lacks a member or two.

So there's no reasonable excuse – power off the boob tube, get off the couch, play some Bocce.

HOPA - 2024 AGE VERIFICATION SURVEY FORM

Under Title VIII of the Civil Rights Act of 1968 (The Fair Housing Act), as amended by the Fair Housing Amendments Act of 1988, The Housing for Older Persons Act (HOPA), signed in to law in 1995 defines housing for older persons as housing intended and operated for occupancy by at least 80 percent of the community or one person 55 years of age or older per unit. To keep a housing community or facility for older persons the Statutes require that Associations claiming the exemption establish age verification procedures.

It is mandatory that this survey be fully completed and filed with the Co-Op Office, no later than 10/15/2024. It only needs to be filled out and sent in once in 2024.

MAINTENACE PROJECTS 2024

Just a little information from your Maintenance Department Manager. The Trustees and I have been working hard together to fix and replace as many items as we can each year, while attempting to keep your Association Fees down. Some of you may have seen a few Maintenance men walking around the Village lately in an attempt to assess what our priority projects are for 2024 and getting ready for our regular 2024 projects. They are marking down all the roofs, trees, driveways, sidewalks, gutters, and garbage cans, among other items in the Village that need replacement or repair. With this, we will be compiling lists so we know what we need to order depending on what needs to be repaired and/or replaced and when. One of our major projects that we have been focusing on is roof replacement. Within the next few years we will be finished with replacing all the roofs in Village. Once this has been completed, we will be able to focus on other projects, and commit more money to those projects. Doing things this way allows us to keep Association Fees down. For example, everyone may want a new mailbox or garbage etc. For now, we can just repair or paint some until we have the funds to replace. Budgets are tough and with every year that passes, with rising costs of materials, they get even harder. So this year, your Maintenance staff will be painting all the garbage cans and replacing only the ones that absolutely need to be replaced. We will only be repairing and seal coating the driveways that absolutely need it. We will be working on removing dead trees that pose a danger to units. In addition, gutters get cleaned twice a year. We are hoping to begin this project in April, depending on spring buds. We will also be painting curbs and storm drains this year. All this gets done in between weekly garbage pickup and work orders and by a small group of guys that work hard to keep the Village going. Please keep in mind that we are doing the best we can within our budget and timeframe. We appreciate your patience and support while we try to beautify and update Village Four.

-Pete Tardibuono, Maintenance Manager-
